ATTACHMENT A

The Specific Plan project carries out the goals and policies of the Solano County General Plan for the Middle Green Valley area, providing for a combination of land conservation and development. An EIR was certified for this approval action. Pursuant to CEQA Guidelines 15168(c) and Gov Code 65457, an NOD was previously filed for Subdivision Application S-21-01 which divided 410 acres into 27 parcels (Large Lot Map) and a subsequent Small Lot Tentative Map to divide 137 acres into 322 separate residential parcels and multiple additional parcels for right-of-way, parks and open space, community uses and stormwater detention area. The current project is approval of a 10-year time extension to the approved tentative map for the small lot subdivision map. No other changes are proposed. As such a second NOD is being filed pursuant to Guidelines 15168(c) and GC Section 65457.
